MINUTES

**MINUTES OF MEETING
WINDWARD
COMMUNITY DEVELOPMENT DISTRICT**

The regular meeting of the Board of Supervisors of the Windward Community Development District was held Wednesday, **August 27, 2025** at 1:00 p.m. at 7813 Four Seasons Boulevard, Kissimmee, Florida.

Present and constituting a quorum were:

Tom Peltier	Chairman
Greg Bobonik	Vice Chairman
Ernest Hofer	Assistant Secretary

Also Present were:

Jason Showe	District Manager
Kristen Trucco	District Counsel
Steven Saha	District Engineer
Jarett Wright	Field Manager
Robbie Szozda	GMS
Rich Ellis	TPG Lighting
James Smith	Prince and Sons

FIRST ORDER OF BUSINESS

Call to Order

Mr. Showe called the meeting to order.

SECOND ORDER OF BUSINESS

Roll Call

Mr. Showe called the roll.

THIRD ORDER OF BUSINESS

Pledge of Allegiance

Mr. Showe led the pledge of allegiance.

FOURTH ORDER OF BUSINESS

Public Comment

Ms. Teitsworth stated every time I send an email I always get a response right back. I monitor the dog park because I take my dog there, and there are issues that need to be addressed.

Ms. Willis stated the sprinklers for the grass in the verge hit the sidewalk and it is black. You need to make sure all the sprinklers are adjusted to spray the grass area only.

Mr. Jessie stated the back gate that comes out on Sandhill Road there is drainage pond and they are adding sand to it.

Mr. Showe stated it is a dry pond and we till it and it looks like we are adding sand but they are just trying to keep it compacted so that it drains properly.

FIFTH ORDER OF BUSINESS

Organizational Matters

- A. Review of Letters of Interest**
- B. Appointment of Individual to Fill Vacant Seats**
- C. Administration of Oath of Office to Newly Appointed Supervisors**
- D. Consideration of Resolution 2025-06 Appointing Assistant Secretaries**

Items A through D were tabled to a future meeting agenda.

SIXTH ORDER OF BUSINESS

Approval of the Minutes of the July 23, 2025 Meeting

On MOTION by Mr. Bobonik seconded by Mr. Hofer with all in favor the Minutes of the July 23, 2025 meeting were approved as presented.

SEVENTH ORDER OF BUSINESS

Consideration of Holiday Lighting Proposals

Ms. Trucco stated we talked in the workshop about a motion to approve the lighting proposal subject to staff signoff and delegation of authority to Supervisor Bobonik who has been looking at this in greater detail.

Mr. Bobonik stated we were looking at permanent lighting being in the neighborhood of \$10,716 and adding about \$2,000 for greenery, and the greenery would be on annual basis that they would put up and take down. The permanent lighting would be on the structures permanently to be used as accent lighting throughout the year and we could change the colors for different occasions. That would be a one-time charge as opposed to putting lights up every year. We also have to get the buildings painted prior to installing permanent lighting.

Mr. Peltier stated we have to make sure we are not fixing anything that would take us out of the construction defect potential claim against KHov.

On MOTION by Mr. Hofer seconded by Mr. Peltier with all favor the painting project and the proposal from TPG Lighting were approved in an amount not to exceed \$25,000 subject to final signoff by staff and Supervisor Bobonik.

EIGHTH ORDER OF BUSINESS

Consideration of Temporary License Agreement for Pool Construction

Mr. Showe stated the request is for a temporary license agreement for access across CDD property for the construction of a pool at 1554 Whitewood Court. This agreement provides them access but also puts the requirement on them to repair any damage or issues that result from this installation.

Mr. Bobonik stated this requirement will also apply to anyone who wants to cross our easements or rights of way to construct a pool.

Mr. Showe stated we will reach out to the HOA and walk them through the process so when any construction comes up, we will ask them to send it over to us.

On MOTION by Mr. Peltier seconded by Mr. Bobonik with all in favor the temporary license agreement with Cheryl McCoy and Benjamin Ekpenyong for 1554 Whitewood Court, Kissimmee was approved.

NINTH ORDER OF BUSINESS

Staff Reports

A. Attorney

Ms. Trucco stated we spoke at the workshop about potential construction defect and the 558 notice that it sounds like you are comfortable with us proceeding with. We will need to discuss this further with our litigation department and Supervisor Bobonik is going to work on some backup materials as well. We discussed at the workshop a potential motion authorizing district counsel to investigate and file the 558 notice and delegate authority to Supervisor Bobonik to assist counsel's office on that issue. We also discussed authorization for me to reach out to the HOA to work in conjunction with them to see if they are considering moving forward with something like a 558 in case there is any overlap. We are trying to conserve resources as much as possible as we look into it further.

On MOTION by Mr. Bobonik seconded by Mr. Peltier with all in favor district counsel was authorized to file the 558 notice and Supervisor Bobonik was authorized to work with counsel on this matter.

Ms. Trucco stated we also talked about a motion authorizing district counsel to file suit against the prior landscape vendor for some or all of the claims referenced in the demand letter and delegate authority to Supervisor Bobonik to work with counsel in finalizing same.

On MOTON by Mr. Bobonik seconded by Mr. Hofer with all in favor district counsel was authorized to file suit against the prior landscape vendor for some or all of the claims referenced in the demand letter and supervisor Bobonik was authorized to work with staff on this matter.

Ms. Trucco stated I will speak with our litigation department, get back with Mr. Bobonik and if we need to refer this outside, we will keep the board updated on that and discuss it at the next board meeting.

B. Engineer

There being no comments, the next item followed.

C. Manager

- i. Approval of Check Register**
- ii. Paid/Unpaid Invoices for Approval**

On MOTION by Mr. Hofer seconded by Mr. Peltier with all in favor all the invoices were approved with the exception of \$195 on the Guardian invoice 252100 and you are holding the Prince & Sons invoice 18172.

iii. Balance Sheet and Income Statement

A copy of the balance sheet and income statement were included in the agenda package.

D. Field Manager

Mr. Wright reviewed the field manager's report, which was provided under separate cover.

On MOTION by Mr. Bobonik seconded by Mr. Hofer with all in favor staff was authorized a not to exceed amount of \$20,000 for landscape services.

TENTH ORDER OF BUSINESS**Other Business**

There being no comments, the next item followed.

ELEVENTH ORDER OF BUSINESS**Supervisor's Requests**

Mr. Peltier stated I have been getting some requests about alligator trapping. Can you explain the procedures and what happens with alligator trapping?

Mr. Showe stated there is a state nuisance alligator program, their hotline is 866-fwc-gator and that is the number you need to call if you notice a gator that falls within the specifics of that program. It has to be over 4-feet long and has to pose some danger to humans. If the residents observe those characteristics call the number, you will be given a case number. It is better if you call because you are observing it and you can give him more detail. If you call our office with a case number they will send out a tracker, the tracker will likely harvest the gator onsite.

A resident asked if we call a wrangler instead will he relocate it?

Mr. Showe stated the process we use in all our districts is this one.

Ms. Trucco stated if it is an alligator is on your property the CDD doesn't have anything to do with that but for alligators on CDD property this is the process we recommend and is uniform across the board.

Mr. Peltier stated due to our water conservation efforts there was a \$60,000 reduction from April to July.

Mr. Hofer read into the record a detailed timeline on the irrigation agreements since inception of the CDD.

Mr. Peltier stated there has been conversation that the CDD potentially owes \$11,378.62 to the HOA. This invoice was first brought to the CDD at our first meeting in December 2024. This is for a Duke Electric bill for builders from April to October 2023. Access Management had forgotten to transfer the account to the CDD, when they did transfer it that is when we paid the bill. Access Management is responsible for the bills not the CDD and that was conveyed to the HOA directly numerous times. There is no reason to pay this invalid invoice.

Mr. Bobonik stated I want to thank the staff for leading us in the direction we need to be led. We are running a business and are doing our due diligence and conduct a workshop and bring items to the board for approval. We are as frustrated as you are with the condition of the sod and irrigation. We want to cooperate with everyone.

Mr. Hofer stated we are still working on the bike lane issue with the county to be able to have vendors, guests and caregivers park temporality in the bike lane.

Mr. Peltier stated we have quotes coming in for the roundabout after we finish the enhancement for the front gate, we are looking at changing the sprinkler heads to reduce the amount of overspray, we are looking at trial project of the verge areas along Hanson Bay, Antilles and Estuary to replace the sod with St. Augustine.

TWELFTH ORDER OF BUSINESS**Adjournment**

On MOTION by Mr. Peltier seconded by Mr. Hofer with all in favor the meeting adjourned at 1:46 p.m.

RE: Landscape Maintenance & Irrigation Proposal

Dear Jarett,

Thank you for considering United Land Services as your landscape maintenance service provider. We sincerely appreciate every opportunity presented to build a lasting relationship with our clients. Our proposal has been uniquely crafted to address your community's specific needs and expectations. We call this your *Community Road Map*™ because it was designed to illustrate the steps to take your community from its current state to one your residents will be proud of for years to come.

Included in your *Community Road Map*™ you will find the following sections:

- **Company History:** Information about our company's experience, capabilities and core values.
- **Development Strategy:** Our transition plan includes the actions we will take in the first 30/60/90 days of service to improve both your specific areas of concern and items we have noted during our inspection that will provide an immediate impact to the appearance of the property.
- **Scope of Services Summary:** This section outlines our scope of services, derived from industry established Best Management Practices and our years of experience in the field.
- **Agreement & Investment:** Our service agreement and pricing for the services we'll provide to your property.

If you have any questions after reviewing our proposal, please do not hesitate to contact me at any time. I am always available to provide solutions and discuss any aspect of property's needs directly.

Sincerely,

Chris Marquess

To whom it may concern:

We are pleased to write this letter on behalf of the team at United Land Services. Our company has been working closely with United on several development projects both on the new landscape installation and maintenance fronts with great results.

United's responsiveness and attention to detail set them apart in the industry and have been a welcome addition to our development process. We now include United very early in the process when contemplating landscape design for new projects. We have found this very beneficial.

We highly recommend United Land Services when considering a dedicated landscape installation and maintenance team.

If we can provide any further information regarding our experience with United Land Services, please do not hesitate to contact us.

To Whom it May Concern:

I am writing to wholeheartedly recommend United Land Services for any landscaping projects you may be considering. As the Property Manager for Waterleigh Phase 4 Single Family & Townhome HOA's, I have had the pleasure of working closely with United Land Services on multiple occasions, and I can confidently attest to their exceptional professionalism, expertise, and commitment to excellence.

One example of their commitment to excellence is, when a homeowner called at 7AM on a non-maintenance day with a broken mail line, United's Team displayed remarkable efficiency and professionalism. Within just two hours of the call, they were onsite and swiftly completed the necessary repairs. Their prompt response not only prevented further damage but also minimized inconvenience for the homeowner. Such dedication and commitment to customer service are truly commendable and reflect positively on United's reputation.

Moreover, United Land Services consistently demonstrates a genuine passion for their craft, evident in every aspect of their work. Their dedication to customer satisfaction is unparalleled, and they go above and beyond to ensure that their clients' visions are not only realized but exceeded.

In addition to their technical skills the team at United Land Services is a pleasure to work with. They are approachable, responsive, and collaborative, making the entire process smooth from start to finish.

Based on my experiences, I have complete confidence in United Land Services' ability to deliver outstanding results on any landscaping project they undertake. Their professionalism, creativity, and commitment to excellence make them a truly exceptional partner.

If you have any further questions or require additional information, please do not hesitate to contact me. I am more than happy to provide any assistance I can.

I am certain that you will be as impressed with their work as I have been.

To Whom It May Concern:

I am pleased to offer the following comments regarding United Land Services. United Land Services is contracted to provide lawn and landscape services for the Longleaf Homeowners Association located in Gainesville, Florida.

Company services were initiated on January 1, 2024, and services continue to the present time. The transition to United Land Services from our former provider was better than anticipated. Such transitions may be a challenge however United Land Services' direct communications made the process easier.

United Land Services' management team continues to meet with the HOA Board President and myself monthly to ensure the proper delivery of landscape services as well as special projects. The company implemented an on-line work order system known as *issuetrak*. I am optimistic this work order system will provide direct communications between the company and HOA owners.

Please do not hesitate to contact me should you require additional information regarding United Land Services' performance.

Development Strategy

Phased Development Strategy

Best Management Practices

This is a custom designed plan using Florida Best Management Practices to exceed your desired look for this property. We have outlined the initial tasks that our Landscape Maintenance teams will perform as we begin our partnership regarding this property.

We have broken the tasks down into distinct phases to cover the first 90 days of this transition. This will provide an easy way to monitor and measure our progress as we formulate our joint strategy for the best results.

Relationship-Oriented Service

Phased Development Strategy

Plan of Action

Phase I (Days 1-30)

- Meet with Property Manager and Board Committee Members to review our Three Phase Plan and Scope of Work.
- Complete an Irrigation Evaluation of system and report deficiencies and needed corrective actions.
- Establish consistent schedule for mowing, detailing and agronomics and implement accordingly.
- Perform first turf fertilizer application if possible (Blackout Period).
- Identify any areas of concern and concentrate efforts for immediate improvement. (Entrance features, weeding beds, sidewalk edging)
- Spot treat weeds in turf areas where needed.
- Formulate options for turf areas needing restoration.
- Implement weed control program in planting beds.
- Fertilize weak shrubs throughout the property.
- Start insect and disease program on all plant material.
- Evaluate the health of ailing plant material and propose improvement plan.
- Discuss any site-specific enhancement ideas.
- Perform monthly walk with Property Manager and Community Members.

Phased Development Strategy

Plan of Action

Phase 2 & 3 (Days 31-90)

- Examine Phase I results and modify “Plan of Action” if necessary.
- Carry on with Irrigation Inspections and Improvements.
- Carry on with Scheduled Maintenance plan i.e., mowing, blowing, and edging.
- Evaluate need for second turf fertilization dependent on condition and time of year (Blackout period).
- Carry on with weed control applications in both turf and plant beds.
- Evaluate insect and disease program and make necessary adjustments.
- Implement approved site-specific enhancements.
- Perform monthly walk through with Property Manager and continue to identify areas of opportunity or concern.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank. Florida ULS Operating LLC		
2 Business name/disregarded entity name, if different from above United Land Services		
3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.		
☐ Individual sole proprietor or single-member LLC ☒ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ S Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner. ☐ Other (see instructions) ▶ ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate Exemption codes apply only to certain entities, not individuals; see instructions on page 3: Exempt payee code (if any) _____ Exemption from FATCA reporting code (if any) _____ (Applies to accounts maintained outside the U.S.)		
4 Address (number, street, and apt. or suite no.) See instructions. 12276 San Jose Blvd Suite 747		
5 City, state, and ZIP code Jacksonville, FL, 32223		
6 List account number(s) here (optional)		
Part I Taxpayer Identification Number (TIN) Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see <i>How to get a TIN</i> , later. Note: If the account is in more than one name, see the instructions for line 1. Also see <i>What Name and Number To Give the Requester</i> for guidelines on whose number to enter.		
Social security number 8 5 - 2 4 9 7 9 2 5 OR Employer identification number		
Part II Certification Under penalties of perjury, I certify that:		
1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and 2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and 3. I am a U.S. citizen or other U.S. person (defined below); and 4. The FATCA code (a) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.		
Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.		
Sign Here Signature of U.S. person ▶  Date ▶ 1/8/202		
General Instructions Section references are to the Internal Revenue Code unless otherwise noted. Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9 . Purpose of Form An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:		
• Form 1099-DIV (dividends, including those from stocks or mutual funds) • Form 1099-MISC (various types of income, prizes, awards, or gross proceeds) • Form 1099-B (stock or mutual fund sales and certain other transactions by brokers) • Form 1099-S (proceeds from real estate transaction) • Form 1099-K (merchant card and third party network transactions) • Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition) • Form 1099-C (canceled debt) • Form 1099-A (acquisition or abandonment of secured property) Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN. If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See <i>What is backup withholding</i>, later.

Subject: Consideration for CDD Board - Tom Maskell
Date: June 1, 2025 at 6:24:25 PM EDT
To: Jason Showe <jshowe@gmscfl.com>

Jason,

I would like to be considered for an appointment to the CDD board to fill one of the vacancies resulting from the recent resignations by KHov employees.

Community/District Experience

CDD/HOA briefing - developed and presented an introductory overview of CDDs, HOAs, their differences, and the specific roles of each in the Four Seasons at Orlando community. I have a strong working knowledge of Florida statutes as well as the FSO governing documents.

Pre-transition Team (PTT) - as a member of the PTT (on multiple committees including Finance) helped to build a framework of needs to aid in the transition from builder to homeowner control. Primarily focused on the HOA transition, we did identify areas related to the CDD transition and made them available as needed.

Community Engagement - active in all aspect of the community. Worked with community members and KHOV Board to address issues pre-transition. I have a strong working knowledge of the community and the issues facing it.

In general, I focused on familiarizing myself with Florida statutes and our community's governing documents and using that knowledge to help the community understand the roles of both the CDD and HOA and have that understanding lead to better communication and accountability between homeowners and the CDD and HOA. In turn that should result in smoother operations of the CDD.

Professional Experience

IBM Corporation:

- Senior Systems Engineer - responsible for technical support to public and private sector clients across IBM product range.
- Senior Consultant - provided consulting services to public and private sector clients including process reengineering and strategic planning.

Department of Defense:

- Staff Officer, Office of the CIO - provided support to CIO and Deputy CIO in planning, budgeting, and technology implementation.
- Chief, Strategic Planning, responsible for development for Agency-wide strategic plan including program/budget development and performance measures.
- Chief, Strategic Communications - led a group of strategic communications professionals in developing and executing communications strategies for internal communications at the Agency level.

Education: BA in English/American Studies; MBA with a concentration in Marketing

Hello Jason,

My name is David Horn and I am a resident of the Four Seasons Orlando (FSO) Community in Kissimmee, Florida. I would very much like to become a Windward Community Development District Board of Supervisor by filling one of the two available District Board vacancies. Per the e-mail you sent to Ms. MaryEllen McCormick regarding these vacancies, attached for your consideration is my resume.

You'll see from my resume that I have considerable experience in managing contracts and individual contractors and, in performing oversight of Capital Improvement projects. Also, you should know that I am currently a member of two Ad Hoc committees (the Maintenance & Operations and Communications committees) in the FSO community that report directly to the FSO Board of Directors. I understand that my membership in either or both FSO Committees may have to be adjusted if I am fortunate enough to be chosen to fill one of the vacant Windward CDD District Board of Supervisors positions.

Should any additional information about me be required by you or any other CDD board member, please contact me directly by telephone, text, or e-mail using the information noted below.

Thank you in advance for your consideration.

**Experience
Summary**

A highly motivated, goal oriented, successful manager with exceptional team management, organizational and administrative skills. More than 54 years of experience in planning, contractual development, oversight, execution, and control of transit-related design, construction, and new technology projects. Twenty-three years of that experience was in providing project management oversight services for the U.S. DOT Federal Transit Administration and the New York Metropolitan Transportation Authority. Over 29 years of experience was in key leadership roles in program management and the management of operations personnel at the Long Island Rail Road.

**Professional
Summary**

DKH Consulting, LLC
Owner / President

(2/13 to Present)

Independent consulting firm specializing in project management oversight of transit-related construction and design projects. Services include providing assessments to improve the effectiveness and efficiency of managerial activities in transit-related projects and effectively evaluating and monitoring transit-related projects in areas of design, scope, budget, and schedule performance throughout the planning, design, construction, and close out phases of the project. Areas of expertise include railroad signaling and communications, new railcar procurements, systems integration, and technical writing.

Engaged by a consulting firm in 2013 to represent the U.S.DOT/Federal Transit Administration in Region II as the Systems Integration Manager in charge of the oversight of \$936 million worth of contracts on the MTA's \$11.13 billion East Side Access (ESA) Project. Specific responsibilities as the oversight Systems Integration Manager dealt with the oversight of design; fabrication; installation; and integrated testing of electrical, mechanical, communications, and control systems on the new ESA route from Long Island to Grand Central Terminal in Manhattan. Systems-related component activities being evaluated and monitored included communications networks, railroad signaling systems, public address and CCTV systems, Traction Power Substations, security systems, fire detection and suppression systems, tunnel ventilation systems, and microprocessor-based centralized train operation control facilities required for the operation of Long Island Rail Road train service. ESA operational service commenced in February 2023.

Previous work included serving as a Technical Editor to a major transportation agency. Work scope included reviewing and editing reports that were prepared by the agency's Independent Engineering Consultant (IEC) on high-risk projects to ensure the reports were of professional quality and provided comprehensive and accurate information to the agency's executive management. Another work effort for a major transportation agency was

serving as the leader of a Task Force to develop a guideline that would be used by all the agency's operating units to improve specific internal processes.

McKissack & McKissack

Senior Project Manager

(3/09 to 1/13)

New York MTA Independent Engineering Consultant

Served as the lead Independent Engineering Consultant (IEC) providing overall responsibility for program management oversight of the New York Metropolitan Transportation Authority's (MTA) \$1.2 billion Capital Security Program; a program that enhanced the security of the facilities and operations of the transportation network operated by the MTA and its subsidiaries and affiliates. Managerial duties included the direct oversight of 34 highly sensitive security initiatives and the supervision of several other McKissack and sub-consultant personnel involved in the oversight of the MTA's Capital Security Program. Analyzed and prepared Security Program status documentation and recommendations, participated in Security Program strategy meetings, and made presentations to MTA's Executive management and Board of Directors on a periodic basis. At the behest of MTA's Director of Security and other MTA Executive management, served as the owner's project management representative on security-related projects by providing high-quality, confidential, and professional observations, evaluations, recommendations, and reports related to key program/project management elements.

One additional duty included serving as the IEC's representative on an Executive level three-person team to interview industry contractors, provide reports on findings, and assess how the MTA could improve how it does business with the contracting community. To complete that assignment, served as the leader of a two-person team to develop a MTA-wide Best Practices Guideline that addressed one of the major concerns from the contractors.

Jacobs Carter Burgess

Senior Project Manager

(8/04 to 3/09)

New York MTA Independent Engineering Consultant

Served as the lead Independent Engineering Consultant (IEC) providing overall responsibility for program management oversight of the New York Metropolitan Transportation Authority's (MTA) Capital Security Program, Managerial duties included the direct oversight of numerous highly-sensitive security initiatives and the supervision of several other Jacobs Carter Burgess and sub-consultant personnel involved in the oversight of the MTA's Capital Security Program. Analyzed and prepared Security Program status documentation and recommendations, participated in Security Program strategy meetings, and made presentations to MTA's Executive management on a periodic basis.

An additional responsibility while engaged as the MTA's IEC was to provide program management oversight for \$3.2 billion of Signal and Communications

projects at three of the MTA's Operating agencies. Managerial duties included the supervision of three IEC personnel who performed the direct oversight of these projects and prepared periodic reports on the monitored projects for members of the MTA's Board of Directors that sit on the Capital Program Oversight Committee.

Other duties included the overall responsibility for management of a sub-consultant joint venture that performed a fast-tracked analysis of certain elements of the MTA's Capital Security Program. The sub-consultant's tasks included reviewing security-sensitive design documents, identifying gaps or missing design elements, and providing recommendations on opportunities for improvement in overall security for MTA assets.

Fluor Infrastructure/Transportation**Project Director****(8/99 to 8/04)****Program Management Oversight Program**

Provided program management oversight, as a representative of the U.S.DOT/Federal Transit Administration in Region II, on federally funded transit-related projects in the New York City Metropolitan area. Assignments included the oversight of three railcar procurement contracts, valued at approximately \$3.45 billion, for New York City Transit and a \$1.2 billion program associated with the design, manufacture, installation and/or rehabilitation of signaling and high technology, microprocessor-based train control systems on the New York City Transit system. Other assignments included the oversight of the construction of a \$44.6 million Rail Control Center, which now serves as the control center for the entire New York City Transit subway system, and program oversight of the New York Metropolitan Transportation Authority's multi-billion dollar East Side Access (ESA) project, a new rail link to provide strategic improvement of regional mobility to Long Island and Queens residents via direct access to Manhattan's east side and Grand Central Terminal. Evaluation of schedule and cost controls, analysis of program management issues and capabilities, and development of recommendations to mitigate problems and increase the likelihood of achieving project goals in a timely manner were elements of the ESA project oversight responsibilities.

Long Island Rail Road**Senior Project Manager****(3/96 to 6/99)****Capital Program Management**

Managed several multi-departmental teams involved in two contracts to design and procure \$473 million of new Electric Cars for the Long Island Rail Road and Metro North Railroad, and four contracts to design and manufacture \$412 million of new Diesel Fleet equipment, while simultaneously performing direct management or oversight of eight projects, worth \$124 million, associated with the rehabilitation or modification of existing Long Island Rail Road rolling stock. Served as the primary liaison between the Long Island Rail Road's

corporate quality department and its Maintenance of Equipment department on capital projects that involved the procurement or modification of railcar and locomotive fleets.

Project Manager – Capital Program Management (2/89 to 2/96)

Developed, planned, reviewed, coordinated, and managed major capital improvement programs in all disciplines of railroad operations. Maintained liaison with and provided coordination and direction of consulting engineers, contractors, and vendors engaged in technical studies, designs, and construction of major improvement projects and equipment procurements for the Long Island Rail Road. Provided leadership within the Capital Program Management department in redefining the role of quality program managers in the implementation of capital improvement projects by working with the railroad's Quality Assurance director to establish protocols for integrating quality control and quality assurance specialists into the project management teams.

Engineer - Communications Maintenance (1/88 to 2/89)

Planned, organized, and directed the activities of 67 management and labor personnel involved in the procurement, installation, and maintenance of all voice and data telecommunications systems for the Long Island Rail Road. Provided essential management oversight and guidance for all railroad departments and operations requiring voice or data communications services.

Engineer – Communications Construction (1/85 to 1/88)

Planned, organized, and directed the activities of 60 Communications department personnel to effect the installation and implementation of Communications and Signaling equipment and systems.

Supervisor – Communications (6/78 to 1/85)

Overall responsibility for 120 personnel involved in the design, installation, and maintenance of telephone, radio, closed circuit television, security, voice, data, and signal carrier systems. Additional duties included application of administrative and technical skills to implement the satisfactory construction and maintenance of Communications appurtenances and plant facilities.

Assistant Supervisor – Signals (6/75 to 6/78)

Responsible for the installation and maintenance of railroad signaling systems that included highway crossing protection, electronic supervisory circuits, track switching equipment, and automatic speed and train operation controls.

Junior Engineer – Signals and Communications (7/73 to 6/75)

A Management Training Program requiring work in repair shops, administrative and operations sections, and engineering departments throughout the company.

Junior Engineer – Signals, Power and Communications (6/70 to 3/71)

Responsible for the field inspection and control of \$69 million of railroad electric propulsion substation construction. Provided direct liaison between non-railroad contractors and railroad management staff. Employment at the Long Island Rail Road interrupted for Military Service.

The first part of the paper discusses the importance of understanding the local context in which a project is implemented. This includes a thorough analysis of the social, economic, and cultural factors that may influence the success or failure of the intervention. It is essential to engage with the community from the outset, ensuring that their voices are heard and their needs are addressed. This participatory approach not only fosters a sense of ownership and commitment among the community members but also allows for the identification of potential challenges and the development of strategies to mitigate them.

The second part of the paper focuses on the design and implementation of the project. It outlines the key principles that should guide the development of the intervention, such as transparency, accountability, and sustainability. The importance of setting clear, measurable objectives and establishing a robust monitoring and evaluation system is emphasized. This system should be designed to track progress, assess impact, and provide feedback for continuous improvement. The paper also discusses the role of leadership and the importance of building a strong team that is capable of managing the project effectively.

The third part of the paper presents a case study of a successful project implementation. This example illustrates the practical application of the principles discussed in the previous sections and provides valuable insights into the challenges that were overcome and the factors that contributed to the project's success. The case study highlights the importance of flexibility and adaptability in the face of changing circumstances and the need for ongoing communication and collaboration with the community.

In conclusion, the paper emphasizes that the success of a project depends on a combination of factors, including a deep understanding of the local context, a participatory approach to design and implementation, and a commitment to transparency and accountability. By following these principles, project managers can increase the likelihood of achieving their goals and creating a positive impact on the community.

Subject: Windward Community Development District Board of Supervisors (CDD BOS) Open Seats
Date: June 17, 2025 at 8:12:19 PM EDT
To: JShowe@gmscfl.com

Hello Jason,

I hope this finds you well. I am interested in submitting my name for one of the two vacancies currently open in the Windward CDD BOS.

As both a leader and individual contributor over my 35+ year career, I have an extensive business and partnership development background in government related business endeavors. This includes entrepreneurship, national account management and senior leadership experience across the federal and commercial healthcare markets.

I am confident in my ability to make an immediate and long-term impact as the next member of the Windward CDD BOS.

Throughout my career, I have been successful in formulating business and development strategies. This included navigation of the highly nuanced federal healthcare space as a policy maker. As a result, I have produced over \$1B in revenue since 1995.

My communications skills are top-notch and I am adept at presenting technically complex information to both small and large groups. In addition to my corporate and entrepreneurial leadership roles, I have several years of community development as both a consultant and political candidate. This was anchored by my interest to make a difference in my community and formal graduate studies in Urban Planning at the School of Architecture and Urban Planning at the University of Wisconsin-Milwaukee.

I've held Top Secret clearance during my 14 years of military service, including my appointment as a Commissioned Officer in the Medical Service Corps by the POTUS.

My diversified perspective from serving in 3 different branches of the military (USN, USAFR, USAR) offers unique insights that are solution based and will serve the Windward CDD BOS in robust ways.

Further, I have been called upon by company executives to reinvigorate business units, turnaround underperforming regions, and serve on leadership committees critical to the success of the business. My success has been defined by my individual and team accomplishments through a cross functional team approach, strong analysis skills, solid business instincts, and considerable practical experience throughout scientifically demanding specialty health care markets.

I am accustomed to wearing many hats and have established complex business practices in both large and small companies that embrace a highly ethical, scientifically based, customer centric approach.

I would welcome an opportunity to meet with the Windward CDD BOS to discuss my qualifications and candidacy in further detail.

Best Regards,

Jr. Vice Commander Gross Yaksh VFW Post (3rd in Command of 900 members) (Elected 2000-2001)

Dear Mr Showe,

I would like to submit my name to the Board for consideration as a Board appointment.

I understand there will be interviews by the Board, so I will be brief.

Windward CDD is a Government entity, subject to state and local rules, laws and ordinances.

I was a police officer for thirty years, ten of which I was the Chief. I am familiar with how government entities operate and complying with governmental rules and laws.

The Board needs individuals who recognize and respect the fact that every dollar collected and spent, comes from a residents pocket.

In every one of my 10 years as Chief, I never exceeded but always came in under budget.

Board members must have a willingness to work and the ability do so collaboratively with others.

I have been a resident of FSO since February 2020. During that time I have been on the Pre-Transition Teams Steering Committee, as well as the Pre-Transition O&M Team.

After FSO transitioned to a resident Board, I became a member of the landscape committee. Starting with the selection of a new Landscape company.

Since February 2025, I have been the Chair of the FSO landscape committee.

If there is any additional information the Board needs or questions they wish to ask. Please do not hesitate to contact me.

I can be reached at:

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million (1990–1999) and is projected to increase by a further 1.5 million by 2010 (Office of National Statistics 2000).

There is a growing awareness of the need to develop strategies to meet the needs of the ageing population. The Department of Health (2000) has identified the need to develop a 'new paradigm' of care for the ageing population. This paradigm is based on the principle of 'active ageing', which is defined as 'the process of optimising opportunities for health, participation in society, and security in old age' (Department of Health 2000, p. 1). The Department of Health (2000) has identified a number of key areas for action in order to achieve this paradigm, including: (1) promoting healthy ageing; (2) promoting participation in society; and (3) promoting security in old age.

The purpose of this paper is to review the literature on the needs of the ageing population and to identify the key areas for action in order to achieve the 'new paradigm' of care for the ageing population.

1. Introduction

The ageing population is a major public health issue in the UK. The number of people aged 65 and over has increased by 1.5 million (1990–1999) and is projected to increase by a further 1.5 million by 2010 (Office of National Statistics 2000). Jason,

I would like to run for one of the open positions on the Windward CDD. My name is Steve Pierson and live at 7739 Four Seasons BLVD. I feel that I could help support the CDD board in many ways. I am an engineer who has been working in the nuclear industry for over 40 years. My 40 years experience include the U.S. Navy (Retired), shipyard, and Department of Energy. In all my time, I have been in leadership and supervisory roles. I currently sit on the Landscape committee and the Water Management Group for the community in the role of overseeing the irrigation system and infrastructure. I have been working with two landscaping contractors in the neighborhood to help improve our water usage and system performance. I am also working with the board members from both the HOA and the CDD to help them understand the irrigation system as a whole for the community. If you need anything else or have any questions, please let me know. Thank you for your support in this matter.

V/R,

Steve Pierson
